ABOUT SIFRE

Star International Foundation for Research and Education (SIFRE) established in 2020 is A Research and Educational Service Organisation. SIFRE was visualized and founded by Dr. S.Sekar. The Foundation's goal is to provide a platform for Researchers, Academicians, Professionals, and Students to exchange Knowledge and explore recent developments in the field of Business, Management, Information Technology, Engineering, Medical Education, and Other areas.

ABOUT THE CONFERENCE

This forum is established to discuss the issues of multidisciplinary collaboration with business and economics emerging trends. We invite scholars, scientists, engineers, researchers, practitioners, and students to join us and share the new innovative trends in their respective fields. This common platform is expected to provide the basis for joint ventures among different fields to serve society in a better way.

OBJECTIVE OF THE CONFERENCE

The conference on "Global Issues in Multidisciplinary Academic Research" aims to promote interdisciplinary collaboration and innovative solutions to address pressing global challenges effectively. It seeks to align research initiatives with the Sustainable Development Goals, provide insights to policymakers, bridge theory and practice, and advance educational practices. Additionally, it aims to strengthen international collaborations, promote ethical research practices, and connect academic research with practical applications to address real-world problems, fostering comprehensive knowledge sharing and global partnerships among academic institutions, research organizations, and industry.
